It is an example of the abstract with authors from the different institutions. You can indicate up to 6 different institutions by labels `\ada . . . \adf`. Use `\ac` command to separate different labels. For an example of the abstract with authors from the same institution look in `templ1.tex`. Underline the presenting author's name.

Abstract must be contained in a 11 cm × 16 cm rectangle typed by a 10 pt font (approximately 300 words) and submitted in electronic form to `UKR-POL8@icmp.lviv.ua`.

L^AT_EX style file and a templates are available from the workshop WWW page <http://www.icmp.lviv.ua/UKR-POL8>
